National Service Scheme (NSS)

The Ministry of Youth Affairs & Sports of the Government of India oversees the National Service Scheme (NSS), a Central Sector program. It gives Indian students the chance to participate in a range of government-run community service projects and initiatives. SRM Trichy Arts and Science College's National Service Scheme (NSS) is a dynamic and essential component of the college's dedication to social responsibility and community service. The college's NSS program was started with the intention of encouraging a volunteering, social consciousness, and active involvement in community development. It has had a tremendous impact on the college and the neighboring areas. Throughout the year, NSS volunteers plan and take part in a wide range of events and initiatives under the direction of knowledgeable faculty mentors. These include blood donation drives, campaigns to raise public awareness of significant social concerns, tree planting projects, campaigns to improve hygiene and sanitation, and educational initiatives for children from disadvantaged backgrounds. The NSS unit at SRM Trichy Arts and Science College actively participates in these kinds of activities, which enhances society as a whole.
